ceo's column

Spring is a time of great anticipation for warmer weather and extended daylight. My Dad loved to garden, which meant our entire family would spend hours preparing the soil and planting seeds of all kinds and varieties. By summer, we were pulling weeds, watering the plants and eventually picking baskets of produce. If you have never sat under a shade tree and snapped green beans until sundown, nor pulled a carrot out of the ground and washed it off with the hose before taking a bite, then put gardening on your bucket list.

We all enjoy the end product of either our own or someone else's hard work. From the food we eat, the vehicle we drive, the roof over our head and even the social quarters that we enjoy great fellowship in; all these things didn't just happen. As of this writing, Trackhouse Racing drivers, Ross Chastain and Daniel Suarez have won two of the last three NASCAR Cup races. Getting to Victory Lane for the celebration is payoff for a lot of hard work, practice and teamwork. No driver shows up at the track on Sunday morning with no preparation, no pit crew and no sponsors and expects to win. The same is true for you and I in our personal lives, and as members of The Moose Fraternity. The level of effort we put into our relationships, career, self-care and lodge will bring the same level of success in these areas.

Our Fraternity is primed for a "three-peat" in a gain of active membership come April 30, which could top 900,000 members! Consistent gains in membership are a result of your hard work and effort. Creating activities that attract members, participating in Heart of the Community events that connect The Moose with families and sharing about our two incredible missions: Mooseheart and Moosehaven: These are things that make our fraternal garden thrive.

What does standing in Victory Lane and celebrating with Ross Chastain look like for you? For your lodge, it could mean earning the Premier Lodge Award. For your Moose Legion, it could mean meeting your membership quota and earning the Key Club Award. For your chapter, it could be earning the Award of Achievement. All these accomplishments are a result of inspired, purposeful and friendly men and women working together to grow The Moose and Embrace Our Community in 2024! Now, does anyone have a toothpick I can borrow? I think I have a watermelon seed stuck between my teeth. God Bless! ■

Navy Veteran and Mesothelioma Survivor Defies the Odds

WRITTEN BY TRAVIS RODGERS

Navy veteran Bob is a mesothelioma survivor who doctors say defies the odds. The 78-year-old was given 10 months to live in 2019. It's been five years since then, and cancer hasn't stopped him from living every day to the fullest.

"Every doctor we've seen – we've seen research scientists, we did everything – and they all said it's impossible medically for this man to still be alive, so it's just not his time to go," said his wife of 55 years.

Bob entered the Navy at age 20 in 1965. His first assignment out of boot camp was to scrape paint off the landing ship USS Hermitage. Bob was unaware the paint contained toxic asbestos.

Veterans are at a higher risk for mesothelioma because of the extensive use of asbestos in the military. Navy veterans have the greatest risk of exposure from vessels, boilers, pipes and even their barracks. Asbestos, a carcinogen, can lead to serious diseases, including asbestosis, COPD and mesothelioma. Symptoms may not appear until 20-60 years after exposure.

The life expectancy of most people with mesothelioma is 1-2 years with treatment. Without treatment, survival beyond 6 months is rare, which is what makes Bob's case so unique.

Declining Health Leads to Mesothelioma Diagnosis

Bob first experienced trouble breathing in the 1990s, about 30 years after he left the Navy. In 2012, more serious breathing issues developed when doctors found two masses on his lungs. His wife said major issues began in 2019.

Bob and his wife credit the Patient Advocates at The Mesothelioma Center at Asbestos.com for helping them through the entire process.

Bob underwent eight hours of surgery in August 2019. Doctors told him he wasn't a candidate for another surgery because of his risk factors. He was diagnosed with mesothelioma one month later.

Beating the Odds Every Day

While Bob chose to decline treatment as a personal choice, most mesothelioma specialists recommend surgery, radiation and chemotherapy to increase life expectancy and improve prognosis. Veterans with mesothelioma may be eligible for treatment through the VA.

"Bob hardly complains at all. Even when the pain was terrible, I could tell by the expression on his face, but he has never complained about it," she said. "He's had lots of things wrong with him, but he's still fighting and still doing well."

Lodge Rebuild Takes Shape in Paradise, CA

The new facility is going to be a 9,500-foot treasure, with plenty of room for meetings, socializing, dining and for hosting events.
PARADISE MOOSE LODGE 2227
I think a lot of people, including myself, will take pride when we turn the key and are able to walk into our new facility and know we stayed together and made it through this."

It is a weird bit of irony that recent rebuilding efforts at **Paradise, CA Lodge 2227** were delayed by historically-heavy January rainfall.

Paradise lodge is deep into the rebuild after being completely destroyed in the Oct., 2018 Camp Fire, which burned for 17 days and destroyed 153,000 acres in Northern California.

Despite the delays, the lodge remains on-course for a summertime opening and expects to be very ready to welcome the International Moose Cornhole Tournament in August. (See Sports Tournament page 44.)

The new facility is going to be a 9,500-foot treasure, with plenty of room for meetings, socializing, dining and for hosting events.

"The old lodge was beautiful, but it had been built by volunteers and there were electrical and plumbing problems. We've got a lodge building being built that won't have those issues, which is a silver lining for everything that's happened," Paradise Administrator Cy Morris said.

Paradise was one of the communities that suffered the worst devastation from the Camp Fire, losing roughly 95 percent of its structures.

"We'd had close calls with fires before the Camp Fire, but the fires had stopped before coming into the town. But with the wind and everything, it pushed it into the town," Morris said.

In the aftermath of the fire, keeping a sense of community together was key, said Morris. The lodge was able to set up its RV parking area, which helped some residents and provided a source of badly-needed income.

While the lodge regrouped, members of the Moose opened their giving hearts. Morris said $77,000 in donations arrived from across the Fraternity.

Eventually, the lodge set up a 40 x 14 foot structure, which allowed a place for members to meet and socialize.

"That allowed members have a place to come down to and to feel connected. People also needed a place to talk about their experiences and plans," Morris said.

Lodge 2227 was on an upswing in 2018 before the fire hit. In fact, the lodge earned its first Premier Lodge Award in 2018-19, and has earned the award every year since. Membership has remained stable, and Morris said the new facility should help that positive momentum to continue.

"I think a lot of people, including myself, will take pride when we turn the key and are able to walk into our new facility and know we stayed together and made it through this," Morris said. ■

Mow your Zoysia lawn once a month – or less! It rewards you with weed-free beauty all summer long.

7 Ways Our Amazoy™ Zoysia Lawn Saves You Time, Work and Money!

1 CUTS WATER BILLS AND MOWING BY AS MUCH AS 2/3

Would you believe a lawn could look perfect when watered just once? In Iowa, the state's biggest Men's Garden club picked a Zoysia lawn as "top lawn—nearly perfect." Yet, this lawn had been watered only once all summer!

2 NO NEED TO DIG UP OLD GRASS

Plant Amazoy in an old lawn or bare ground. Set plugs into holes in the soil checkerboard style. Plugs spread to create a lush, thick lawn, driving out weeds. Easy instructions included with every order.

3 ENVIRONMENTALLY FRIENDLY

No weeding means no costly chemicals. Amazoy Zoysia lawns naturally resist insects, so you'll save money, while helping to protect the environment. Never expose your family and pets to weed killers and pesticide poison.

4 FOR SLOPES, PLAY AREAS, BARE SPOTS AND PARTIAL SHADE

Can't beat Amazoy as the low-cost answer for hard-to-cover spots, play-worn areas, partial shade and erosion on slopes.

Meyer Zoysia Grass was perfected by the U.S. Gov't, released in cooperation with the U.S. Golf Association as a superior grass.

5 IT STAYS GREEN IN SPITE OF HEAT AND DROUGHT

"The hotter it gets, the better it grows!" Amazoy Zoysia thrives in blistering heat, yet it won't winter-kill to 30° below zero. It goes off its green color after hard frosts, and begins regaining its green color as temperatures in the spring are consistently warm.

Your Assurance of Lawn SUCCESS
Amazoy Zoysia Grass is GUARANTEED

Guaranteed to grow new green shoots within 45-60 days or we'll replace it **FREE** – for up to 1 year – just call us. Valid on one order at a time, typically the most recent. We ONLY ship you mature, hardy field grown genuine Amazoy Zoysia grass harvested direct from our farms. Easy planting and watering instructions are included with each order.

Workshops Always Draw Huge Crowds at Convention

Members enjoy choosing their own topics and participating in the discussion

The past two years at the International Moose Convention have generated standing room only crowds at many of the onsite workshops, as members have had the ability to pick the sessions that appeal to them the most, as well as enjoying the more informal give-and-take atmosphere that these sessions provide. Sessions such as lodge operations, grant programs, membership building, and more have drawn members looking for information that will help their lodges grow and prosper. The sessions have been designed to provide information that all lodges can use, as well as answer questions that may be unique to an individual lodge.

At the upcoming International Moose Convention in New Orleans, July 23-27, workshop sessions have been planned for three days. Some sessions will be delivered twice so members may attend a popular workshop that may be held at the same time as another session of interest. ■

Community Service To Assist New Orleans' Unhoused

Moose will perform Community Service on Saturday, July 27, shortly after the conclusion of the Joint Installation, which is the final session of the International Convention in New Orleans.

"It is one of our great traditions that we want to leave a positive impact on the less fortunate in our convention cities. We are excited that we will be able to do this in New Orleans this summer," Coordinator of Activities and Heart of the Community Will Harrison said.

This year, the Moose will help Grace at the Green Light, an organization that offers "New Orleans' unhoused population choices while providing for their basic needs in a loving manner that embraces the human spirit."

" Summertime is a difficult time for our clients and their survival because of the heat. Living on the streets is difficult, and even more so in summer," Grace at the Green Light Executive Director Sarah Parks said.

Moose will make bags that include basic necessities. That activity will take place in the cconvention center.

In addition to bottled water, items needed include:

Deodorant	Wet Wipes	Toothpaste	Razors	Sunscreen
Shampoo	Socks	Soap	Bodywash	

"We see about 200 people a day, to service their basic needs, and bags like these are critical to their survival," Parks said.

Parks said Moose can purchase items through **www.dollardays.com** or **www.amazon.com**, and added that if items are shipped to Grace at the Green Light, the organization will bring those items on July 27 to be put into the bags. The organization's mailing address is:

Grace at the Green Light
330 Carondolet St., Suite 200
New Orleans, LA 71030

Moose can also bring a check to the convention or mail it to Moose International. Checks should be made out to **Grace at the Green Light.** If mailed, they should be sent to:

Moose International
Will Harrison, Act. & HOC
155 S. International Dr.
Mooseheart, IL 60672-1172

More information will be available at a later date.

Any member, whether attending the convention or not, can donate to Grace at the Green Light.

Simply scan the QR code to connect to an online donation site for the organization.

The 2024-25 Campaign Begins!

Through this year's membership campaign, we seek to raise awareness of the Fraternity in the communities we serve ... inviting them to join with us in mutual support of their/our community.

The 2024-25 Membership campaign kicks off on May 1, with an emphasis to "Embrace our Community!" Throughout the Fraternity's history, being a focal point within the local community has been a core tenet to The Moose. The new campaign picks up as a continuation of the ideals set in the 2023-24 campaign, which emphasized the Fraternity's "Proud Past, Bright Future." In moving toward that future, maintaining a solid connection to the communities we serve is paramount.

Through this year's membership campaign, we seek to raise awareness of the Fraternity in the community as we ask ourselves how we, as a Fraternity, can assist the community, while at the same time inviting them to join with us in mutual support of their/our community.

As we look toward our future, we realize that The Moose needs to continue to increase in relevance, becoming more involved in the day-to-day welfare of the communities that we serve.

By conducting approved events that are open to the public, we have an opportunity to showcase not only our lodge homes but the good that we have to offer. Lodges also need to get involved with their local chambers of commerce and as well as connecting with other local fraternal organizations. Everyone benefits when we support each other. By working together, we create a better overall environment and this will help make our communities successful. ■

— Mike Rios, Director of Membership

MOOSE
"EMBRACE OUR COMMUNITY"

May 1, 2024 - April 30, 2025

"Embrace our Community" highlights the good that our Fraternity has provided to our local communities for the past 100+ years and promotes what we will continue to do into the future. We embrace our communities with awareness of the Moose, ask how we as a Fraternity can assist, and invite them to join us in support of their/our community.

Promotional days are standard fare for NASCAR drivers and their various sponsors. Something unusual happened amid the photo and video sessions during this year's promotional day for Ross Chastain and The Moose: A small duffel bag arrived.

The bag, sent from one of Chastain's previous teams, contained a handful of items including the original blue fire suit he wore when first sponsored by The Moose in 2020 in the Xfinity Series.

There have been many changes in the five seasons since Chastain was first sponsored by the Fraternity, but those years have been beneficial to the Moose as well as the teams for which Chastain has driven.

The fire suit is now red, with matching helmet and shoes. The car's paint scheme has also changed from blue and white to Mooseheart's red with the word "Moose" emblazoned in white on a black hood. The No. 1 Moose Chevrolet Camaro is impossible to miss when it is on the track.

For a moment, though, Chastain was able to step back in time. He tried on the old blue fire suit – which still fit – and reflected on what is currently his longest racing partnership.

"That original fire suit tells the story of my relationship with the Moose. There have been some real highlights, and The Moose have been one of the steady things in my racing life. The more I have gotten to know people in the Fraternity, the more this means to me," Chastain said.

While The Moose variously discussed sponsoring a racing car for years, nothing materialized until the partnership with Kaulig and Chastain in 2020.

"There was an acceptance that we needed a national marketing campaign that was cost-effective, that could reach the entire country. We thought about how we could get The Moose name out there. It's my belief that the more people who see The Moose name, the more likely they are to maybe drive by the lodge in their local community and to want to check it out," CEO Scott Hart said.

The Moose has been as hot as Chastain has been on the track. Back-to-back membership increases and increased giving to Moose Charities marked the years 2021-22 and 2022-23, and a trifecta is more than a dream as 2023-24 nears its close.

"There are a lot of things that go into it. It's hard to pinpoint just one, but I would say the national marketing campaign with

primary sponsorship of Ross Chastain in the No. 1 Chevrolet Camaro has played a huge role in that. It is a uniting point in our Fraternity," Hart said.

Chastain is also a spokesman for The Moose and is a member of **Tice and the Shores, FL Lodge 1297**. He has atteneded events at both Mooseheart and Moosehaven.

"There are close to 1 million Moose members, and it aligns very well with NASCAR. A lot of our fans in the stands are Moose members and vice versa. A lot of people in lodges are also NASCAR fans," Chastain said.

It was precisely this cross-pollination that caused Hart to consider NASCAR to be a perfect vehicle for expanding the Fraternity's image.

"You look at core values such as God, family, country and solid social interactions with friendly, like-minded people, and I think you see that as much in NASCAR as you see it in The Moose," Hart said.

In seeking a driver whose values would resonate with Moose members, finding Chastain was particularly providential. The eighth-generation watermelon farmer from Florida was close to a perfect fit.

"His values and genuine nature drew us to him. You have to remember that, at that time, Ross wasn't a championship driver. He was just trying to get his foothold in the sport, but he fit with the sort of person we were looking for," Hart said.

In modern phrasing, Chastain "gets" The Moose – and that was nowhere more apparent than when he was in the crowd during Mooseheart's 5th and 8th grade promotion in 2023.

"I really got to see the impact Mooseheart has on children. I also got to see the impact that the Family Teachers and the school have on the children. You see how their lives are forever changed thanks to Mooseheart," Chastain said.

In both official and impromptu visits, Chastain has been to a large number of Moose lodges.

"I don't always go with all my team racing gear on. I was recently in my home lodge. Other times, I'll be on the road at a racetrack and be bored and go to a lodge and feel at home. That's what the Fraternity feels like to me: Home," Chastain said.

Clearly, the partnership with The Moose has benefitted Chastain as well as the members he has gotten to meet, including the seniors at Moosehaven and the children at Mooseheart.

The partnership has been good on the racetrack as well, especially in 2022, when two moments in the Moose car cemented his place in NASCAR history.

Partnership between Moose

First was his victory in the GEICO 500 in Talladega, AL, where he drove the No. 1 Camaro into Victory Lane for his second career win. Trailing even midway through the final lap, Chastain made up ground and earned the victory.

No one knew it at the time, but something far greater was to come later that season. In the next to last race, at Martinsville Speedway, Chastain needed to make up considerable ground on the final lap. With a maneuver he learned playing racing video games, Chastain put his car on the outside wall, and shifted into fifth gear. The "Hail Melon" enabled Chastain to pass enough cars to finish fourth and to qualify for the Cup Series Playoffs Final Four. Ultimately, Chastain finished second in the 2022 final driver's standings.

The "Hail Melon," also known as the "Haul the Wall," went viral instantly. In one week, the move garnered an estimated 80 million views across all social media platforms. Within a year, that number mushroomed to 225 million views.

The move continues to be iconic. The car is on display at Trackhouse Racing's facility in North Carolina, and people frequently stop by and see it. The "Hail Melon" was also part of the Fox preview video montage in preparation for the Ambetter Health 400 at Atlanta Motor Speedway. In that race, the first in which he wore the Moose fire suit this season, Chastain finished 7th after driving near the front of the pack all day.

"The video puts that move into a tangible, viewable form that I can show people what I mean when I say I will do aything to win," Chastain said.

Hart has frequently used the "Hail Melon" as a metaphor for the transformation of the Moose in recent years. A nationwide no-smoking policy, membership unification and an all-embracing diversity statement have been implemented in the last decade.

and Trackhouse is mutually beneficial.

"If you go back a couple of decades, people would have said you're crazy to try to do things like this. Yet, here we are. It was a risk, just as Ross took a risk at Martinsville. They were risks, but you also have to say our decisions and his were calculated," Hart said.

All those social media views, all the media coverage and the continued use of video with the Moose Camaro benefits the Fraternity in tens of millions of dollars in media equivalency.

"When you see the payback the Fraternity has seen in social media posts and media time and the shares and likes, it's 10-, 20-, or 30-fold over the cost of the program. We couldn't have envisioned that, but it has been a risk that has paid tremendous dividends," Hart said.

Although he has become one of NASCAR's leading young drivers, Chastain remains a humble star, as the many members who have met him will attest.

"Sometimes, I just want to go have a bite to eat, be around some people and go to the hotel and go to sleep. It feels so similar in so many lodges I've been to. They all have their various different ways of doing things, but overall, they all feel like home to me," Chastain said.

The current season is the first of two in an extension to the sponsorship between The Moose, Trackhouse Racing and Chastain. Members can look forward to seeing the Moose Camaro on the track at least through 2025.

"It's cool for me, because I get to go into lodges and to publicly announce the continuation of the partnership and to celebrate that with members. I want to see more lodges, ones that I haven't been to yet. We'll see what history has in store for us next," Chastain said. ■

Newell Gets Wired Watching The Moose Camaro Race

One of the side benefits to the Moose Fraternity's partnership with Trackhouse Racing is that a number of Trackhouse employees have become Moose members.

One of those is Doug Newell, but while he did join the Fraternity after the partnership with Ross Chastain took place, what he has done with that membership is of his own making.

Newell, who is a Wiring Technician at Trackhouse, has worked for various race teams from the same Concord, NC facility for nine years. He switched from Ganassi Racing to Trackhouse when ownership changed in 2022. That summer, Newell joined **Mooresville, NC Lodge 2012**.

"Our friends took us to the **Englewood, FL Lodge 1933**, and we had a great time there. We decided since the car is sponsored by the Moose, we should join. So we did," Newell said.

Working at Trackhouse leaves Newell with a special feeling when he sees the No. 1 Chevrolet Camaro's black hood emblazoned with the white "MOOSE" lettering when it is on a racetrack.

"It's a real sense of pride. Last May, I was in Yuma, AZ and visited **Yuma, AZ Lodge 1627**, and there's a cardboard cutout of Ross in the lobby. You walk in and it's like 'yeah, I know him.' It's exciting to be connected to that," Newell said.

"I downplay where I work when I go to a Moose lodge, but people locally know I work on the car. Whenever I walk in, there's always questions. It's kind of neat to be someone who's connected to the car," Newell said.

Trackhouse Racing wiring technician Doug Newell (right) speaks with Moose International's CEO Scott Hart in North Carolina.

In 2022, Chastain took the Moose Camaro into the history books when he performed the "Hail Melon" – and rode the outside wall in fifth gear at Martinsville Speedway. The move allowed Chastain to pass a number of cars, finish fourth in the race and qualify for the NASCAR Cup Series Final Four. One of the fans cheering while watching that move was Newell.

"We're race fans too, and what happened at Martinsville was phenomenal. People are still talking about it. That's an indelible mark in history. People who hardly watch the sport know what happened that day," Newell said. ■

How to Win at Love

A classic tennis bracelet serves up over 10 carats of sparkle for a guaranteed win

It was the jewelry piece that made the world stop and take notice. In the middle of a long volley during the big American tennis tournament, the chic blonde athlete had to stop play because her delicate diamond bracelet had broken and she had to find it. The tennis star recovered her beloved bracelet, but the world would never be the same.

From that moment on, the tennis bracelet has been on the lips and on the wrists of women in the know. Once called eternity bracelets, these bands of diamonds were known from then on as tennis bracelets, and remain ***the*** hot ticket item with jewelers.

JOIN MORE THAN 1 MILLION THRILLED DIAMOND*AURA*® CUSTOMERS

We've captured this timeless classic with over 10 total carats of Diamond*Aura*®, our signature diamond alternative stone. This sparkling marvel rivals even the finest diamonds (D Flawless) with its transparent color and clarity, and both are so hard they can cut glass. Don't believe me? The book *"Jewelry and Gems – The Buying Guide,"* praised the technique used in our diamond alternative Diamond*Aura*®: "The best diamond simulation to date, and even some jewelers have mistaken these stones for mined diamonds," it raved. For comparison, we found a similarly designed 10 carat tennis bracelet with D Flawless diamonds from another company that costs $57,000!

Want to look like a million bucks without stressing over losing or damaging something that cost you a fortune? The Love Wins Tennis Bracelet is a simple strand of glittering gems in precious sterling that epitomizes elegance.

"Are you kidding? What a great watch at a ridiculous price. Thank you Stauer!"

— Gitto, Hicksville NY

IT'S ENOUGH TO MAKE YOU BLUE IN THE FACE

Time to take a stand against overpriced watches with the Stauer Urban Blue, **now only $29.**

You need a new watch…the one you are wearing was made when Nixon was in office, but extravagantly-priced watches that add zeros just because of a high falootin' name are an insult to your logic. Why shell out big money so some foreign company can sponsor another yacht race? It's time to put an end to such madness. It's absolutely possible to have the highest quality, precision classic timepiece without the high and mighty price tag. Case in point: The Stauer *Urban Blue*.

Packed with high-end watch performance and style, minus the high-end price tag. It's everything a high-end watch should be: Sturdy stainless steel and genuine leather construction. Precision timing that's accurate to four seconds a day—that's more precise than a 27-jewel automatic watch priced at over $6,000. And, good looking— with simple, clean lines and a striking metallic blue face.

"Blue watches are one of the growing style trends seen in the watch world in the past few years"—WATCHTIME®

Your great escape from the over-priced watch craze. At Stauer, we go directly to the source (cutting out the middleman), and engineer our own watch designs. This means we can offer a top quality timepiece that happens to only cost the same as two well-made cocktails at your favorite bar. So, while we're busy revolutionizing the watch industry to bring you more real value, you can take your own stand against overpriced watches with the *Urban Blue*.

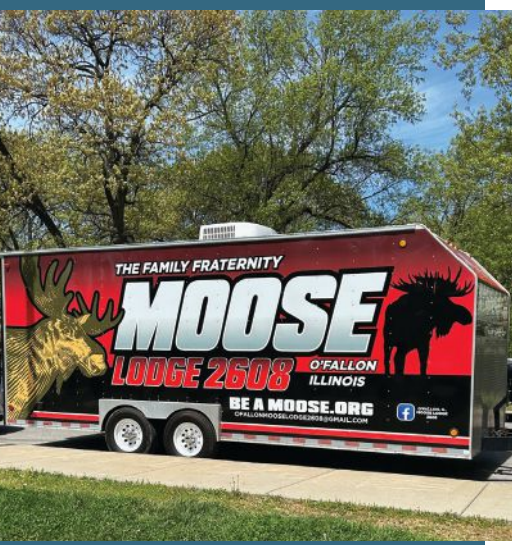
Grant Programs Provide Boost for Lodges

Without members and lodges, the Moose Fraternity would be powerless to provide the level of assistance necessary to support children in need, our seniors, and initiatives within our communities.

Over the past 10 years, over $10M has been redirected back to the lodges through these grant programs, and the Board recently announced plans to not only continue those programs, but to raise funds available to the lodges and introduce a new program into the mix.



*Above, **O'Fallon, IL Lodge 2608** utilized the Marketing Grant funds to help bring awareness of the Moose in their community by wrapping their trailer.*

With that in mind, the Moose International Board of Directors initiated a series of grant programs 10 years ago intended to put money back into our lodge homes to make them more functional and attractive to new and existing members.

Over time, these programs also came to include local marketing grants to promote ourselves within our communities; and in a time of need, pandemic relief grants to keep lodges from closing during the COVID-19 shut downs.

Taylorsville, KY Lodge 2127 sign improvement with the lodge grant funds.

Over the past 10 years, over $10M has been redirected back to the lodges through these grant programs, and the Board recently announced plans to not only continue those programs, but to raise funds available to the lodges and introduce a new program into the mix.

Beginning with the new fiscal year starting in May, the following grant programs will be in place:

- Lodge Grants (infrastructure and improvements) - $1.5M available to be granted, up from $1M the past two years. Grants are available up to $25,000 per lodge.
- Local Marketing Grants - $500,000 available to lodges for the third straight year. Grants are available up to $3,000 per lodge.
- **NEW** – Lodge Signage Grants - $1M available to update, replace or refurbish lodge signs. Grants are available up to $3,000 per lodge.

Requirements for all of the grant programs remain the same:

- At least one member of the lodge is required to attend the International Moose Convention in New Orleans in July.
- At least one member of the lodge is required to be attendance at the lodge's 2023 Association Annual Convention in the fall; and at least one member of the lodge is required to attend the lodge's 2024 Association Midyear Conference in the spring.
- Lodge must be in good standing and run as a fraternal operation.

Information on all the grant programs can be found on the Moose International website (www.mooseintl.org) and through Official Communications sent to each lodge. ■

Retirement … What's In Your Future?

Moosehaven Retirement Community can meet all your needs, no matter what your future holds. That means once you move to Moosehaven, we will continue to care for you for the rest of your life. Your children will be assured that your future is secure.

You wouldn't think of going on a road trip without using a GPS, so why would you think of navigating your retirement without a direction or plan?

Let's face it: Getting older is a route each and every one of us must take. Have you mapped out your future? Will you instead run out of gas and let the back-seat drivers take control of your destination?

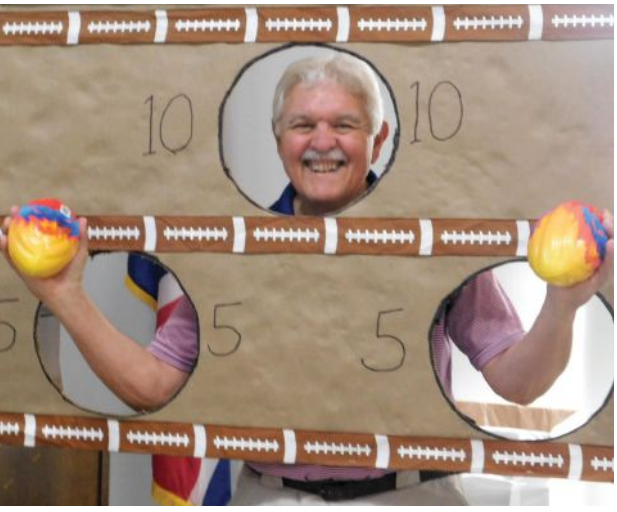
Put yourself in the driver's seat and move forward while choosing a route. Make the decision to call Moosehaven "home" so you don't go through your golden years on autopilot. It's time to take control of your future.

Many retired seniors are living at home longer. They become frailer and have no real plan of action for when they reach the age where they need a little help, or in some cases, full nursing care.

When the time comes, whether assistance is given to you at your home or in a retirement community, you will need it and you will pay for it. Medicare does not pay for long-term care. This is something you will have to pay for. You will also pay for all the services you need and receive.

If you cannot afford to pay for those services, then you may be eligible for a Medicaid-funded facility. Medicaid has a "look back" period, years vary by state, where it will review your finances. This is to ensure you have not deliberately impoverished yourself, or in other words, given your assets to your children/family.

Moosehaven Retirement Community can meet all your needs, no matter what your future holds. That means once you move to Moosehaven, we will continue to care for you for the rest of your life. Your children will be assured that your future



is secure, no matter what pace your body ages. Retirement at Moosehaven looks brighter, I'd say.

Retirement is to be enjoyed. Residents of Moosehaven are truly blessed. They enjoy a beautiful 73-acre campus on the banks of the St. Johns River, excellent amenities and 5-star service delivered by caring staff. What more could they ask for?

Moosehaven's residents thrive knowing they are supported by nearly 1M Moose brothers and sisters who spend countless hours in support of Moosehaven, the City of Contentment and Mooseheart, the Child City.

If you have not already done so, I encourage you to visit the Moosehaven website, www.moosehaven.org, and start planning your future.

Eligible Moose members can apply to participate in one of the best retirement plans available! We provide care from independent living to full nursing care. What is the best thing you can give your children and family? Give them the security of knowing your future is secure.

Moose members with an active membership and who are age 65 or older who wish to retire to Moosehaven have two choices to consider for residency: The Traditional Moose Life Program and the Brandon Place New Life Program. Both require applicants to be able to live indecently, or at most, at an assisted living level.

Under the Traditional Moose Life Program, a resident will place all his/her financial resources and income into a Moosehaven Individual Retirement Account. Each resident's housing, meals and activities, transportation, and healthcare costs are paid from his/her Moosehaven Individual Retirement Account.

Residents will receive an annual statement of their account balance showing how their resources were spent to pay for the cost of the care and services they receive. Should a resident's Moosehaven Individual Retirement Account become depleted, the fraternity will continue to provide the necessary financial support to permit him/her to remain at Moosehaven.

The Brandon Place New Life Program offers fully independent living in well-appointed apartments. Residents pay a one-time entrance fee, and then an ongoing monthly fee based on the services they receive. Residents maintain their own personal financial portfolio and expenses, even when they may need assistance and nursing care levels. Financial and medical qualifications are required for admission to the Brandon Place New Life Program.

If you have not already done so, I encourage you to visit the Moosehaven website, www.moosehaven.org, and start planning your future. ■

Marlene Gray Is 1st Female Texas Hold 'Em Champion

Marlene Gray from **Rocky Mount, NC Lodge 938** emerged victorious and claimed the 2024 title at the Golden Nugget Las Vegas Hotel & Casino. Gray earned $45,000 with her victory from an overall prize pool of $202,500.

In all the Texas Hold 'Em tournaments, which have taken place since 2010 with a one-year hiatus due to the COVID-19 pandemic, just about everything that could happen at the final table had taken place.

Except one thing: A woman had yet to win the tournament.

That changed in January, when Marlene Gray from **Rocky Mount, NC Lodge 938** emerged victorious and claimed the 2024 title at the Golden Nugget Las Vegas Hotel & Casino. Gray earned $45,000 with her victory from an overall prize pool of $202,500.

"We have always said that one of the wonderful things about Texas Hold 'Em is that men and women could compete on a level playing field. We've had women at the final table before and there has always been a good turnout of women to participate. I couldn't be happier for Marlene," Coordinator of Activities and Heart of the Community Will Harrison said.

The runner-up to Gray was Larry Smith, from **Alva, OK Lodge 2100**. Smith claimed $25,000 for his second-place finish.

This year's tournament was notable in another way – 963 players started play, the most in the competition's history. Texas Hold 'Em has annually been the International Moose Sports tournament with the most participants.

"We had people trying to register just days before the tournament started, and we had to tell them that registration was full. We hope members sign up for the 2025 tournament early, because this is a tournament no one wants to miss. The opening day is so much fun, and it continues until the end," Harrison said.

Taking place in January, Texas Hold 'Em has become the kick-off to each year's sports calendar. Hardly a month goes by without Moose in some form of competition.

The sports calendar resumes in April with Steel Tip Darts and Bowling, which take place in **Lynchburg South, VA Lodge 1727** and **Sandwich, IL Lodge 1016**, respectively.

The entire 2024 International Moose Sports calendar appears on Page 44. ■

A Stunning Tribute to the Watch That

2020
THE 75TH ANNIVERSARY OF WW2 VICTORY
VE-DAY MAY 7, 1945 VJ-DAY SEPT. 2, 1945
Commemorative Card Included
"THE WATCH THAT WON THE WAR"
This watch design is inspired from the A-11 Military Spec, one of the commonly issued watch types supplied to the Allied forces during WW2.
The A-11 became a crucial part of both air and ground timing and accuracy for missions.
Used to complete critial tasks, this watch helped enable the Allied forces drive back German troops in Europe.
Giving the A-11 the distinction of "The Watch That Won The War"
VE-DAY MAY 7, 1945
VE-Day commemorated the unconditional surrender of Nazi Germany to the Allied forces in 1945, after five years and eight months of war. Germany military leaders signed surrender documents on May 7th at several locations in Europe, ending WW2 in Europe.
VJ-DAY SEPT 2, 1945
VJ-Day marked the end of WW2 and the ending of fighting with Japan. On August 14,1945 the Japanese government cabled to the U.S. their surrender. On August 15, news of the surrender was announced to the world.
On Sept 2 1945, a formal surrender ceremony was held in Tokoyo Bay aboard the USS Missouri. President Truman declared September 2 to be VJ Day.

WW2 VICTORY
75th Anniversary Watch

Crafted with Great Precision and Care

This heirloom-quality quartz watch is inspired by the popular WW2 era A-11 style often referred to as "the watch that won the war"—an accurate high-grade watch that stood up to the rigors of the battlefield. The expertly handcrafted watch features a black face with glow in the dark hands and numerals with 60-minute graduations. A waving American flag over the bold letter V also decorates the face. The stainless steel case back guards a precision quartz movement for accurate timekeeping. The back is etched with the dates, "VE-DAY MAY 5, 1945" and "VJ-DAY SEPT 2, 1945" at the top, and the celebratory words, "COMMEMORATING THE 75TH ANNIVERSARY END OF WW2" at the bottom. The middle is etched with a patriotic design. An adjustable military green nylon strap completes the look. This watch is the perfect way to show your respect for the military and pay tribute to this historic occasion.

A Remarkable Value Not Available Anywhere Else!

This impressive watch is a remarkable value at $99.99*, payable in 3 easy installments of just $33.33 each. Donors Circle... funds the Mooseheart and Moosehaven Endowment Fund

What is the Donors Circle? The Donors Circle is a recognition program for donors who, like YOU, wish to secure the future of Mooseheart and Moosehaven. What is the Endowment Fund? As in our own family, Moose Charities must save to protect our love ones. Think of the Endowment Fund as the family savings account where we deposit part of our funds into the bank and investments to grow for our family ... the children and seniors in our care.

BONUSES

- 100% of donations go to the Endowment Fund
- Donations also count toward League of Guardians giving
- Your primary Lodge receives credit toward its all-giving for the year

EARN PINS

As you give to Donors Circle, you will earn recognition pins for your cumulative giving.

WHY DO PEOPLE GIVE TO THIS?

"The Donors Circle helps both Mooseheart and Moosehaven. It will go on long after I am gone and will protect the kids and seniors. If something should happen and all the lodges are gone this will keep going. The endowment helps the whole organization."

~Tim from Minnesota

"I believe in the obligation I took when I joined the Moose and in taking care of our children and seniors." ~Kathy from Florida

Our Daily Bread food pantry Executive Director Rachel Condley (left) received a check donation from Chairman John Sipes on behalf of **Woodward, OK Lodge 451**.

When he visited **D'Iberville, MS Lodge 332** Chairman of the Board John Sipes presented Tommy Moose plush dolls to the D'Iberville Police Department.

During his February visit, Oklahoma-S.Kansas Moose Association Secretary Jack Pierce presented an Oklahoma State University scratch-off ticket to Chairman Sipes, who was also given a tour of the Oklahoma State campus.

We Have Had Experiences That Will Last A Lifetime

What an exciting and memorable year it has been so far! Our visits to the many Associations and lodges have left my wife Linda and I with memories that will last a lifetime. The reception we have received at the many lodges has been warm, heartfelt, and most of all, a demonstration of Fraternal values at their best.

We have received Moose Riders motorcycle escorts, police escorts and even an actual "red carpet" welcome at several of the lodges we have had the pleasure of visiting. We have literally touched the clouds when traveling through the Rocky Mountains of Colorado. We also experienced a new for us when we traveled through a tsunami zone on the Pacific Coast in Oregon!

Those who have attended to us on our visits have been fantastic hosts. They have all been knowledgeable about the lodges in their respective Associations. They have done everything in their power to make sure we had a pleasant experience during our travel to their portion of the Fraternity. To name them all would take far too much space, but to be sure, we certainly appreciate everything these dedicated Moose have done for us.

We are approaching the end of the fraternal year for our current "Proud Past, Bright Future" membership campaign. In each of our lodge visits, Linda and I have witnessed firsthand the pride shown in each lodge's accomplishments. We have seen pride not only in the lodge's past, but we have also seen their pride in working to achieve their goals in this year's campaign.

Many lodges are showing improvements in building membership, membership retention as well as in donations to Moose Charities. This is Fraternalism at its best. Thank you for having the goal of "being the best you can be."

Those three categories, membership building, member retention and charitable donations are dependent on each other. A lodge that seeks improvement in all three areas is on its way toward the ultimate reward, the Premier Lodge Award.

May God Bless Mooseheart. May God Bless Moosehaven, and may God Bless each and every one of You. ■

"The Moose is Strong; It's time to Belong."

The Women of the Moose are the financial providers for many specific projects at Mooseheart/Moosehaven. Our Chapters donate over 1M dollars annually for the operation of Mooseheart School.

The donations we remit with our **114 Forms** support many projects on the Mooseheart campus, including physical and occupational therapy for our students, speech therapy, life skills and more. Chapters make it possible for our kids to enjoy the Christmas season with parties, pictures and presents. We ensure each new student gets his or her "right start." Some of our children arrive on campus with not much more than the clothes on their back. The right start program provides the items and encouragement they need to feel safe, secure and connected at Mooseheart. The Women of the Moose also supports the athletics program on campus. We provide funds for uniforms, equipment and more.

Donations to the Scholarship and Maintenance Fund provide educational opportunities for Mooseheart graduates.

Similarly, the Women of the Moose provide for the safety and security of our Moosehaven residents. Chapters provide pharmacy assistance and offset vision, hearing and dental expenses not covered by Medicare/Medicaid. Christmas in October ensures each resident has a joyous holiday season including gifts, decorations and celebrations. The Women of the Moose funds the Moosehaven beauty and barber shop, so everyone can look their best. We also provide everyday needs, from deodorant and toothpaste to socks and sneakers.

Mother Nature can take a toll, but the Women of the Moose always come through with donations to make repairs and, more recently, rebuild the seawall and the Moosehaven pier.

Katherine Smith Hall, fully-funded by our chapters, offers state-of-the-art facilities for those residents living with dementia and Alzheimer's.

Since the announcement of the new Grand Regent's Project last December, contributions toward new furniture in the Don Eisel Ohio Residence at Moosehaven arrive daily at Moose Charities. Our chapters have taken this project seriously, and have made a big dent in the $150,000 request. New furniture and new flooring will surely brighten the rooms of those residents who reside in enhanced living and lift the spirits of the men and women living there.

Whenever a need arises, regardless of where it is or who it is for, the Women of the Moose are there to provide for others in need. Thank you for your support and generous donations. ■

New $1 Joint-Injection Pill Puts Surgeons Out of Work

Studies show active ingredient boosts the same lubricating joint fluid in just days without expensive injections. Relieves joint stiffness. Increases joint mobility and freedom.

By J.K. Roberts

Interactive News Media

INM — A popular needle injection for joint sufferers is now being replaced by an inexpensive non-prescription pill called FlexJointPlus.

The developers of this new pill say it delivers the same relief molecule as injections in just days. However, it has some impressive advantages.

First, it's inexpensive and non-prescription. Also, studies show the active ingredient delivers relief to every joint in the body because it enters the bloodstream through the digestive system.

Top doctors have recommended needle injections in the past because they deliver powerful relief. Unfortunately, the shots are painful and expensive. They also only work on the joint being treated.

But initial FlexJointPlus users report greater flexibility and less stiffness in their knees. Hands and shoulders move pain-free for the first time in years. Even neck and lower back pain improve dramatically.

Even upstate New York senior Paul Sansbury says his knee pain has gone from 8 out of 10 to a two after just 7 days, and no longer needs a cane.

"I needed a left knee replacement, but since using FlexJointPlus, I have less pain. I can walk...I feel much comfort...and I ditched my cane. I am 82 years old," he says.

BREAKTHROUGH MEDICAL DISCOVERY

Doctors have used joint injections to boost a critical element of the joint called synovial fluid. This lubricating fluid is found between the cartilage and bones of every joint.

Until recently there's been no way to deliver the "relief molecule" needed to boost synovial fluid in the body without a needle.

But now after years of intensive research, scientists have discovered a new pill that not only helps boost synovial fluid in multiple affected joints, but can provide long-lasting relief from pain by actually delivering this molecule through the bloodstream.

Many joint pain sufferers see an increase in flexibility and mobility. Others are able to get back to doing the things they love.

PROOF THAT IT WORKS: Dr. David Vallance was so astounded by the clinical results of FlexJointPlus' active ingredient that he said; "Based on my 20 years of experience with joint patients, FlexJointPlus receives my highest recommendation to any person suffering from joint pain and stiffness."

"My left hip joint was so stiff and painful I could barely get to sleep at night," says Amanda Johnson of Chatham, ON. "but since using FlexJointPlus my pain and stiffness has been relieved, and I am now able to get a good night's rest again."

SCIENTIFICALLY PROVEN RESULTS

A 90 day double-blind clinical study was performed on 160 joint patients suffering with grade 2 or 3 knee osteoarthritis for 1-5 years.

The results were published in the Journal of Arthritis in 2019.

Some participants experienced incredible results, reducing their knee pain and stiffness by 50% in just days.

The data also shows that their joint comfort just kept getting better the entire time they were taking the active ingredient during the clinical study.

"The active ingredient found in FlexJointPlus has extensive scientific support and has been tested in over a dozen well-controlled clinical studies," says Jesse Williams, Chief Developer for FlexJointPlus.

"The results of this study revealed that FlexJointPlus was effective in improving all measured parameters (joint pain, joint stiffness, activities of daily living and overall joint function). No serious adverse reactions were noted in any of the groups," he added.

The combination of quick relief coupled with continuing long-term relief is impressive to say the least.

And while no pill works for everyone, during this clinical trial, every one of the participants that took the active ingredient found in FlexJointPlus reported an improvement in their joint comfort.

HOW IT BOOSTS JOINT FLUID

"The latest research shows that as we age, the amount of synovial fluid in the joints decreases," says Christina Stevens, Medical Researcher for FlexJointPlus.

"Loss of this fluid results in a decrease in cartilage thickness and increase in friction, which can lead to joint degeneration and pain.

And now recent studies have shown the active ingredient found in FlexJointPlus has the unique ability to help boost this lubricating fluid for powerful joint relief," she added.

FlexJointPlus' key ingredient is known as NEM.

Clinical studies show NEM contains 4 key glycosaminoglycans that help boost the production of joint fluid allowing for effortless motion. It not only eases pain in the joints, but it also acts as a powerful lubricant.

"In essence, it can actually 'turn back the clock' on your tired, worn, old joints and help replace them with healthy, flexible, pain-free, new ones," she added.

There have also been no adverse side effects reported with the use of FlexJointPlus.

This is a bonus for joint sufferers who have been taking prescriptions that can cause gastric irritation over time.

NO MORE NEEDLES: New discovery may help people avoid painful injections like this one. The key joint-relieving molecule in these injections can now be delivered by taking a new low-cost pill called FlexJointPlus.

This seems to be another reason why the release of this powerful new pill has triggered such a frenzy of sales.

BACKED BY TOP MEDICAL DOCTORS

"I use FlexJointPlus everyday for my stiff and aching joints. I also have my wife and daughter taking it regularly as well," said Dr. Oozeer, G.P. from Windsor, ON

"One of my patients taking FlexJointPlus has reported a significant decrease in pain when going up or down stairs, sitting with legs bent for an extended period of time, and even getting up from a seated position," said Dr. Richard Gibson, chiropractor from Windsor, ON.

"Based on my 20 years of experience with joint patients, FlexJointPlus receives my highest recommendation to any person suffering from joint pain and stiffness," said Dr. David Vallance, Rheumatologist from Ann Arbor, MI.

MOOSE LEGION BUS TRIP TO CAMP ROSS

The Moose Legion Council will once again be hosting a bus trip to Camp Ross during the week of Mooseheart High School graduation.

Space is very limited – to 20 Moose Legionnaires, who may each bring one guest. A drawing will take place to determine those who can take the trip.

On Thursday, May 30, the group will travel from Mooseheart to Camp Ross, receive a tour of the camp with caretaker Jon Call. Following the tour, the group will travel to **Mt. Morris, IL Lodge 1551** for lunch before returning to campus.

If you are interested in this opportunity, please send an email to Director of Moose Legion & Higher Degrees Shawn Baile at **sbaile@mooseintl.org**. Winners will be selected in a random drawing on Monday, May 6.

Those who were selected for this trip in May 2023 are not eligible to participate in this year's drawing.

Don't Fall Off The Cycle Of Responsibility

Thanks to some situations our department has been handling during the last few months and the preparations for the start of another fiscal year, I thought about the 12-month period that makes up a year in the Moose. It is an interesting mixture of items that recur every year combined with new ideas, new leadership, and renewed energy. It is a never-ending cycle of activity.

At every turn in that cycle, there are people who must accept and demonstrate responsibility. We often think this falls to the members of the Moose Legion Board of Directors; after all, they are elected to manage the operation of the jurisdiction. There is, however, also responsibility that falls to other members of the unit.

Let's begin with the Nominating Committee of the Moose Legion, which is compiled of the elected Directors and appointed Assistant Secretaries in each lodge. They should make sure that individual candidates meet the requirements to hold office. They should pay attention to the provisions in the Moose Legion Code of Rules pertaining to nominations, such as those regarding the number of Directors permitted from the same lodge. They should also help to assure that any dispensations pertaining to candidates for office are completed, properly signed and submitted timely.

There is also responsibility that falls to the general membership of the Moose Legion to hold their elected leaders accountable. Granted, it is more difficult with a Moose Legion than with a lodge, due to the fact that Moose Legions do not meet as frequently and, in many cases, there is significant distance between lodges. This means members must be extra attentive to making sure decisions are made and subsequent actions are taken in the best interest of the Moose Legion. Financial records of the Moose Legion must be up-to-date and reviewed, and the Moose Legion must meet its obligations to Moose Charities, especially the remittance of Endowment Fund monies after a celebration or other events where it is collected.

As a dues-paying Moose Legionnaire, you have a stake in the success of your jurisdiction and in the Moose Legion as a whole. Do what you can to stay engaged and active in your Moose Legion, so that you don't lose focus and fall off of that cycle of responsibility that keeps our program strong. ■

New Bladder Control Pill Sales May Surpass Adult Diapers By 2026

Drug-free discovery works, say doctors. Many adults ditching diapers and pads for clinical strength pill that triggers day and night bladder support.

By T.J. Roberts
Interactive News Media

INM — Over 150,000 doses have shipped to bladder sufferers so far, and sales continue to climb every day for the 'diaper replacing' new pill called BladderMax.

"We knew we had a great product, but it's even exceeded our expectations," said Keith Graham, Manager of Call Center Operations for BladderMax.

"People just keep placing orders, it's pretty amazing," he said.

But a closer look at this new bladder control sensation suggests that maybe the company shouldn't have been caught off guard by its success.

There are very good reasons for BladderMax's surging popularity.

To begin with, clinical studies show BladderMax not only reduces embarrassing bladder leakages quickly, but also works to strengthen and calm the bladder for lasting relief.

Plus, at just $2 per daily dose, it's very affordable.

This may be another reason why American diaper companies are starting to panic over its' release.

"With daily use, BladderMax offers day and night bladder control relief without side effects," says Diane Lewis, Chief Researcher for BladderMax.

"And seniors in clinical studies reported a higher quality of life in just days as a result of needing less diapers. That's why so many doctors nationwide are now recommending it to patients," added Lewis.

WHAT SCIENTISTS DISCOVERED

BladderMax contains a proprietary compound with a known ability to reduce stress, urgency, and overflow leakages in seniors suffering from overactive bladder.

This compound is not a drug. It is the active ingredient in BladderMax.

Studies show it naturally strengthens the bladder's muscle tone while relaxing the urination muscles resulting in a decrease in sudden urgency.

Many sufferers enjoy a reduction in bathroom trips both day and night. Others are able to get back to doing the things they love without worrying about embarrassing leakages.

"I couldn't sit through a movie without having to go to the bathroom 3-4 times," says Theresa Johnson of Deluth, GA. "but since using BladderMax I can not only sit through a movie, but I can drive on the freeway to another city without having to immediately go to the bathroom."

With so much positive feedback, it's easy to see why sales for this newly approved bladder pill continue to climb every day.

SLASHES EMBARRASSING LEAKAGES BY 79%

The 6 week clinical study was carried out by scientists in Japan. The results were published in the *Journal of Medicine and Pharmaceutical Science* in 2001.

The study involved seniors who suffered from frequent and embarrassing bladder leakages. They were not instructed to change their daily routines. They were only told to take BladderMax's active ingredient every day.

The results were incredible.

Taking BladderMax's active ingredient significantly reduced both sudden urges to go and embarrassing urine leakages compared to the placebo.

In fact, many experienced a 79% reduction in embarrassing accidents when coughing, sneezing, laughing or physical activity at 6 weeks.

They also enjoyed a 39% decrease in daytime trips to the bathroom, and a 68% decrease in nighttime trips.

With these studies medical doctors and researchers have now proven BladderMax to be a clinically effective treatment for reducing embarrassing bladder lea ges and incontinence.

The findings are impressive, no doubt, but results will y.

But with results like these it's easy to see why thousands of callers are jamming the phone lines trying to get their hands on BladderMax.

HOW IT WORKS IS INCREDIBLE

Studies show that as many as one in six adults over age 40 suffers from an overactive bladder and embarrassing leakages.

"Losing control of when and how we go to the bathroom is just an indication of a weakening of the pelvic muscles caused by age-related hormonal changes," says Lewis.

"It happens in both men and women, and it is actually quite common."

The natural compound found in BladderMax contains the necessary ingredients needed to help strengthen bladder muscles to relieve urgency, while reducing frequency.

Plus, it helps relax bladder muscles allowing for complete emptying of the bladder.

This proprietary compound is known as 'EFLA940'®.

And with over 17 years of medical use there have been no adverse side effects reported.

This is a bonus for incontinence sufferers who have been taking prescription and over the counter medications that can cause dry mouth and constipation.

This seems to be another reason why BladderMax's release has triggered such a frenzy of sales.

RECOMMENDED BY U.S. MEDICAL DOCTORS

"Many of my patients used to complain that coughing, sneezing or even getting up quickly from a chair results in wetting themselves and they fear becoming a social outcast," reports Dr. Clifford James M.D. "But BladderMax changes all that."

As new pill gains popularity, products like these will become unnecessary.

"BladderMax effectively treats urinary disorders, specifically overactive bladder," said Dr. Christie Wilkins, board certified doctor of natural medicine.

"I use BladderMax everyday for my overactive bladder. I also have my sister and mother taking it regularly as well," said Dr. Jennifer Freeman, G.P. from NY.

DOUBLE YOUR MONEY BACK GUARANTEE

Users of BladderMax report incredible results. That's why it comes with an equally incredible guarantee.

"There's only one reason why we can offer such a guarantee," said Kyle Harris, Founder of BladderMax. "It works for those who use it. It's as simple as that," he added.

Here's how it works: Take the pill exactly as directed. Then follow the simple instructions. You must be thrilled and amazed as your bladder control greatly improves.

Otherwise, return the product as directed and you'll receive double your money back!

Popular CoQ10 Pills Leave Millions Suffering

Could this newly-discovered brain fuel solve America's worsening memory crisis?

PALM BEACH, FLORIDA — Millions of Americans take the supplement known as CoQ10. It's the coenzyme that supercharges the "energy factories" in your cells known as *mitochondria*. But there's a serious flaw that's leaving millions unsatisfied.

As you age, your mitochondria break down and fail to produce energy. In a revealing study, a team of researchers showed that 95 percent of the mitochondria in a 90-year-old man were damaged, compared to almost no damage in the mitochondria of a 5-year-old.

Taking CoQ10 alone is not enough to solve this problem. Because as powerful as CoQ10 is, there's one critical thing it fails to do: it can't create new mitochondria to replace the ones you lost.

And that's bad news for Americans all over the country. The loss of cellular energy is a problem for the memory concerns people face as they get older.

"We had no way of replacing lost mitochondria until a recent discovery changed everything," says Dr. Al Sears, founder and medical director of the Sears Institute for Anti-Aging Medicine in Palm Beach, Florida. "Researchers discovered the only nutrient known to modern science that has the power to trigger the growth of new mitochondria."

Why Taking CoQ10 is Not Enough

Dr. Sears explains, "This new discovery is so powerful, it can multiply your mitochondria by 55 percent in just a few weeks. That's the equivalent of restoring decades of lost brain power."

This exciting nutrient — called PQQ *(pyrroloquinoline quinone)* — is the driving force behind a revolution in aging. When paired with CoQ10, this dynamic duo has the power to reverse the age-related memory losses you may have thought were beyond your control.

Dr. Sears pioneered a new formula — called **Ultra Accel II** — that combines both CoQ10 and PQQ to support maximum cellular energy and the normal growth of new mitochondria. **Ultra Accel II** is the first of its kind to address both problems and is already creating huge demand.

Over 47 million doses have been shipped to men and women across the country and sales continue to climb for this much sought-after brain fuel. In fact, demand has been so overwhelming that inventories repeatedly sell out. But a closer look at **Ultra Accel II** reveals there are good reasons why sales are booming.

Science Confirms the Many Benefits of PQQ

The medical journal *Biochemical Pharmacology* reports that PQQ is up to 5,000 times more efficient in sustaining energy production than common antioxidants. With the ability to keep every cell in your body operating at full strength, **Ultra Accel II** delivers more than just added brain power and a faster memory.

People feel more energetic, more alert, and don't need naps in the afternoon. The boost in cellular energy generates more power to your heart, lungs, muscles, and more.

"With the PQQ in Ultra Accel, I have energy I never thought possible at my age," says Colleen R., one of Dr. Sears's patients. "I'm in my 70s but feel 40 again. I think clearly, move with real energy and sleep like a baby."

The response has been overwhelmingly positive, and Dr. Sears receives countless emails from his patients and readers. "My patients tell me they feel better than they have in years. This is ideal for people who are feeling old and run down, or for those who feel more forgetful. It surprises many that you can add healthy and productive years to your life simply by taking **Ultra Accel II** every day."

You may have seen Dr. Sears on television or read one of his 12 best-selling books. Or you may have seen him speak at the 2016 WPBF 25 Health and Wellness Festival in South Florida, featuring Dr. Oz and special guest Suzanne Somers. Thousands of people attended Dr. Sears's lecture on anti-aging breakthroughs and waited in line for hours during his book signing at the event.

Will Ultra Accel II Multiply Your Energy?

Ultra Accel II is turning everything we thought we knew about youthful energy on its head. Especially for people over age 50. In less than 30 seconds every morning, you can harness the power of this breakthrough discovery to restore peak energy and your "spark for life."

So, if you've noticed less energy as you've gotten older, and you want an easy way to reclaim your youthful edge, this new opportunity will feel like blessed relief.

The secret is the "energy multiplying" molecule that activates a dormant gene in your body that declines with age, which then instructs your cells to pump out fresh energy from the inside-out. This growth of new "energy factories" in your cells is called mitochondrial biogenesis.

MEMORY-BUILDING SENSATION: Top doctors are now recommending new Ultra Accel II because it restores decades of lost brain power without a doctor's visit.

Instead of falling victim to that afternoon slump, you enjoy sharp-as-a-tack focus, memory, and concentration from sunup to sundown. And you get more done in a day than most do in a week. Regardless of how exhausting the world is now.

Dr. Sears reports, "The most rewarding aspect of practicing medicine is watching my patients get the joy back in their lives. **Ultra Accel II** sends a wake-up call to every cell in their bodies… And they actually feel young again."

And his patients agree. "I noticed a difference within a few days," says Jerry from Ft. Pierce, Florida. "My endurance has almost doubled, and I feel it mentally, too. There's a clarity and sense of well-being in my life that I've never experienced before."

How To Get Ultra Accel II

This is the official nationwide release of **Ultra Accel II** in the United States. And so, the company is offering a special discount supply to anyone who calls during the official launch.

An Order Hotline has been set up for local readers to call. This gives everyone an equal chance to try **Ultra Accel II**. And your order is backed up by a no-hassle, 90-day money back guarantee. No questions asked.

Starting at 7:00 AM today, the discount offer will be available for a limited time only. All you have to do is call TOLL FREE **1-800-434-2612** right now and use promo code **UAMOO424** to secure your own supply.

Important: Due to **Ultra Accel II** recent media exposure, phone lines are often busy. If you call and do not immediately get through, please be patient and call back.

What if you were Bob?
George and Bob both go on a solo fishing trip to a beautiful, but remote, town in Alaska every summer. While enjoying the idyllic scenery, they both notice chest pains — they are having a heart attack!
What happens next?
George has Emergency Assistance Plus® (EA+®)
Bob does not
They call 9-1-1 and are admitted to the hospital
Both require
George pays $0
Bob pays $16,000
Medical evacuation to a facility that is able to properly treat their condition
George pays $0
Bob pays $12,000
Transportation home after stabilization with a nurse escort to monitor their condition
George pays $0
Bob pays $1,100
Travel assistance to bring a loved one to their bedside
George pays $0
Bob pays $1,800
A driver to drive their car/ RV back home since they are unable to drive
George's Total: $0
Bob's Total: $19,300!
Emergency Assistance Plus is an emergency medical transportation service that goes beyond health and travel insurance. It arranges and provides services for medical transportation, medical evacuation, and travel and companion assistance — services that your medical insurance usually does NOT pay for. You must call EA+ during your emergency so EA+ can make the arrangements for you.
*This is only an outline of the plan's features. Hospitalization (admitted as an inpatient) is a requirement to be eligible for some services. All services must be arranged and provided by EA+. Please read your member guide carefully to understand all the services available to you, as well as any rules and regulations. Washington state residents must be traveling more than 100 miles away from home to be eligible for EA+ services. EA+ is not insurance, it is a travel assistance service program.
Learn more about EA+ today. Call 1-866-285-6301 or apply online: www.MooseVIP.com/Emergency-Assistance-Plus

© 2024 Consumer Cellular, Inc. Terms and Conditions subject to change. Customers who sign up before December 31, 2024 get up to $25 off their first invoice. This offer is for new and existing customers and can be redeemed only at an account level, line levels excluded. This offer is good for $25 off the first invoice, and any remaining credit from offer is forfeited if not used during this period. If the account becomes inactive for any reason prior to receiving the full amount, any remaining credits will be forfeited. Offer may be modified or discontinued at any time. Offer is stackable and not redeemable for cash, has no cash value and is not transferable or refundable. New service activation on approved credit. Cellular service is not available in all areas and is subject to system limitations. For unlimited data plans, access to high-speed data will be reduced after 50GB of use, and you will experience slower speeds for the remainder of your billing cycle. The totals shown here are costs for monthly service only. They do not include any state or local taxes. Plans include a $5 monthly credit for participation in AutoPay and E-Billing. If you're not completely satisfied within 30 days (data use is limited to 500MB) of activation of your service, cancel and pay nothing. Some provider offers are subject to change and may have restrictions.
